

CAHPS® Experience of Care and Health Outcomes (ECHO) Survey

Appropriate patient care is essential to the overall health of the ones you serve. Absolute Total Care is dedicated to partnering with you to help maximize opportunities to improve patient care and patient satisfaction, for the benefit of you, the physician and the patient.

Annually, NCQA directs health plans to conduct a survey about the member’s experience with behavioral health services. The ECHO Behavioral Health Member Experience Survey measures members’ experiences and identifies opportunities for health plans and providers to improve quality of care and access to mental health and substance abuse services.
