

Guide to Reading a Member ID Card

Wellcare By Absolute Total Care offers an integrated Dual Special Needs Plan (D-SNP) in South Carolina for members who are eligible for both Medicare and Medicaid. As a provider, understanding how to read member ID cards is essential for accurate identification and service delivery.

What to Look for on the ID Card

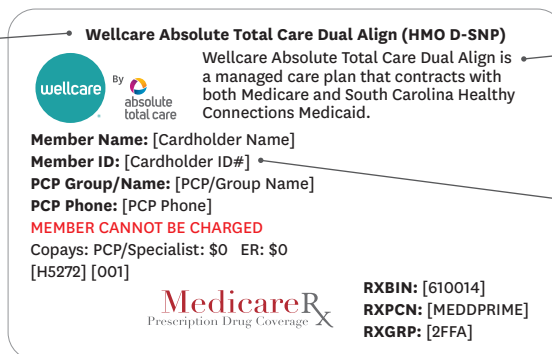

All members enrolled in an integrated Dual Special Needs Plan (D-SNP) will receive a specific Wellcare By Absolute Total Care member ID card. This card contains essential details to help you confirm their enrollment in the plan. When reviewing a member's ID card(s), note the following:

Plan Name:

Wellcare Absolute
Total Care Dual Align
(HMO-POS D-SNP)

Effective Date:

January 1, 2026

The Label:

Wellcare Absolute Total Care Dual Align is a managed care plan that contracts with both Medicare and Medicaid

Member ID Number:

A single number used for eligibility verification and claims for all services regardless of whether it's a Medicare or Medicaid covered benefit

Important Reminder: Presentation of an ID card does **not guarantee eligibility**. Always verify the member's eligibility on the **date of service** using your standard verification process.

Need Help?

If you have questions about Wellcare By Absolute Total Care D-SNPs, referral requirements, or how to verify member eligibility, our **Provider Services team** is here to support you. Please contact us at **1-833-998-5401**.

We value your partnership and appreciate the high-quality care you provide to our members.
