Pharmacy Program

It's important to Absolute Total Care that our members receive medications that are appropriate and high quality. We work hard to make sure you have access to safe and effective medications that are proven to help you get healthy and stay healthy.

The pharmacy program does not cover all medicines. Some medicines require prior authorization (PA). Some have limits on age, dosage and maximum quantities.

Comprehensive Drug List (CDL)

The Absolute Total Care CDL is the list of covered drugs. The CDL applies to drugs you can receive at retail pharmacies. The Absolute Total Care CDL is reviewed often by Absolute Total Care to make sure the use of medicines is appropriate.

Pharmacy Benefit Manager

Absolute Total Care works with Pharmacy Services to process pharmacy claims for prescribed drugs. Some drugs on the Absolute Total Care CDL may require PA. Pharmacy Services is responsible for the PA process. Express Scripts is our Pharmacy Benefit Manager (PBM).

Specialty Drugs

The preferred specialty pharmacy provider of Absolute Total Care is AcariaHealth Specialty Pharmacy. All specialty drugs must have PA to be approved for payment by Absolute Total Care. The Absolute Total Care Medical Director and Absolute Total Care Pharmacy Director are in charge of the clinical review of these PA requests.

AcariaHealth Specialty Pharmacy provides the following services:

- Delivers drugs to your home or provider's office
- Provides staff pharmacists. The pharmacists can help you 24 hours a day, seven days a week to answer your questions and offer help with your drugs
- Gives you information, materials and ongoing support to help you take the drugs to manage your health condition
- Hepatitis C agents

Dispensing Limits

Most drugs are limited to a maximum of 31 days' supply. Select preferred drugs used to treat conditions such as, but not limited to, diabetes, hypertension and high cholesterol may be eligible for up to a maximum of 90 days' supply. A total of 90% of the days' supply, or 28 days, must have passed before the prescription can be refilled. Some oncology agents, long-acting injectable antipsychotics, and specialty medications can be refilled at 80% of the days' supply or after 25 days have passed.

Appropriate Use and Safety Edits

The health and safety of our members is important to Absolute Total Care. One way we make sure our members are safe is through point-of-sale (POS) edits. This happens at the time a prescription is

processed at the pharmacy. These edits are based on U.S. Food and Drug Administration (FDA) recommendations. They promote safe and effective medicine use.

Prior Authorizations (PAs)

Some medicines listed on the Absolute Total Care CDL may need PA. The information for PAs should be sent to Pharmacy Services. The information should be sent by your provider or pharmacist. They can fill this information out on the **Medication Prior Authorization Form**. This form should be **faxed to Pharmacy Services at 1-833-982-4001.** This document can be found on the Absolute Total Care website, absolutetotalcare.com. All completed authorizations are reviewed within 24 hours from the time of receipt.

Absolute Total Care will cover the medicine if it is determined that:

1. There is a medical reason the member needs the specific medicine.
2. Depending on the medicine, other medicines on the CDL have not worked.

PA requests are reviewed by a licensed clinical pharmacist. The pharmacist uses criteria established by the Centene Corporate P&T Committee. If the request is approved, the provider will be notified by fax. If the information provided does not meet the criteria for the requested medicine, member and their provider will be notified. Alternative options and appeal process information will also be provided.

Step Therapy

Sometimes Absolute Total Care requires you to do step therapy. This means you will have to try medicines in the CDL in a certain order before we cover another medicine. If ATC does not have record that the step through medicine(s) have been tried, then a prior authorization will be required. If Absolute Total Care does not approve the prior authorization request, we will give you information about the grievance and appeal process and your right to a State Fair Hearing. If you or your provider do not agree with our decision, please let us know.

Quantity Limits

Sometimes, Absolute Total Care limits how much of a certain medicine a member can get at once. If your provider thinks that you have a reason to get more than the limit, they can submit a PA. If Absolute Total Care does not approve the PA, we will notify the member and their provider. They will also send information about the appeal process.

Age Limits

Sometimes, medicines on the Absolute Total Care CDL have age limits. This is because of drug maker, FDA or clinical guidelines. It is to keep you healthy and safe. Age limits meet FDA alerts for the appropriate use of pharmaceuticals. They also align with South Carolina Healthy Connections Medicaid Guidelines.

Medical Necessity Requests

Sometimes, a member needs a medicine that is not listed in the CDL. When this happens, the member's provider can make a medical necessity (MN) request for the medicine. A MN request does not happen often. This is because the list of medicines on the CDL treat most medical conditions.

For a MN request, Absolute Total Care requires:

- Documented failure of at least two CDL drugs within the same therapeutic class for the same diagnosis. This is required as long as two drugs are listed in the same category with comparable labeled indications; or
- Documented intolerance or contraindication to at least two CDL drugs within the same therapeutic class. This is required as long as two drugs are listed in the same category with comparable labeled indications; or
- Documented clinical history or presentation where the patient is not a candidate for any of the CDL drugs for the indication.

These requests are reviewed by a licensed clinical pharmacist. The pharmacist uses criteria established by the Centene Corporate P&T Committee. If the request is approved, the provider will be notified by fax. If the information provided does not meet the criteria for the requested medicine, member and provider will be notified. Alternative options and appeal process information will also be provided.

Emergency Supply Policy

State and federal law require that a pharmacy fill a 72-hour supply of CDL medicine to any member awaiting PA determination. This is so the member's therapy is not interrupted or delayed. All participating pharmacies are authorized to provide a 72-hour supply of medicine. They are reimbursed for the ingredient cost and dispensing fee of the 72-hour supply of medication. They are reimbursed whether or not the PA request ends up being approved or denied. If the pharmacy has any questions, they may call the Pharmacy Help Desk at **1-833-750-4506.**

Exclusions

The following drug categories are not part of the Absolute Total Care CDL, unless noted as covered on the CDL. They are also not covered by the 72-hour emergency supply policy:

- Weight control products
- Pharmaceuticals used for cosmetic purposes or hair growth
- Investigational pharmaceuticals or products
- Immunizing agents
- Drug Efficacy Study Implementation (DESI) and Identical, Related, and Similar (IRS) drugs that are classified as ineffective
- Fertility products
- Erectile dysfunction products prescribed to treat impotence

- Nutritional supplements
- Injectables (except those listed in the CDL)
- Infusion supplies
- Gender transition pharmaceuticals or products

Medicaid Drug Rebate Program

On the pharmacy benefit, Absolute Total Care only covers rebated drugs that are in the Medicaid Drug Rebate program and that are Food and Drug Administration (FDA) approved. Requests for coverage of a non-rebated drug will require an appeal for medical necessity review on a case-by-case basis.

340B Program

Per SCDHHS Pharmacy Services Provider Manual "340B Program Effective with dates of service on or after July 1, 2019, the following policy will apply regarding the submission of claims for drugs purchased through the 340B Program, as described in Section 340B of the Public Health Act of 1992.

For drugs purchased through the 340B Program, covered entities must submit a value of "20" in the Submission Clarification Code field (420-DK). When submitting Medicaid FFS claims, an amount not to exceed the 340B ceiling price plus an enhanced 340B dispensing fee should be submitted in the usual and customary field."

Effective January 1, 2026, all 340B designated pharmacies under the Absolute Total Care Medicaid health plan must declare a claim as either 340B or non-340B by providing the appropriate code in the Submission Clarification Code (SCC) field. Each claim must include one of the following:

- If the claim is being filled with 340B stock, the pharmacy must include an SCC 20 designation.
- If the claim is being filled with non-340B stock, then the pharmacy must include an SCC 02 designation.
- If a claim is submitted without an SCC 02 or SCC 20, the claim will be rejected with the following reject code and secondary message:
    - Reject 70 – "SCC 20 or 02 Reqd. Resubmit with SCC 20 if 340B claim or resubmit with SCC 02 if not 340B.

This edit will apply to all claims at 340B pharmacies for all NDCs without exception. Member Prior Authorizations will not be able to override this edit. Pharmacies can override by entering either SCC 02 or 20 in one of the three available SCC fields. Transition/Emergency Supply logic will not be allowed to override this edit if applicable.

Newly-Approved Products

Absolute Total Care reviews new drugs before adding them to the CDL. While the new drugs are being reviewed, access to them will be considered through the PA review process. If Absolute Total Care does not approve PA, we will notify the member and their practitioner. We will also provide information about the appeal process.

Over-The-Counter (OTC) Medications

Absolute Total Care covers many OTC medicines. These medicines can be found in the Absolute Total Care CDL. These products are covered as long as you have a prescription from a licensed practitioner that meets all the legal requirements for a prescription.

Generic Drugs

Generic drugs are made up of the same active ingredient as brand-name drugs. When generic drugs are available, the brand-name drug will not be covered without Absolute Total Care PA unless the Brand name drug is preferred by the SCDHHS Single PDL.

If you or your provider think a brand-name drug is medically necessary, the provider must request the drug using the PA process. Absolute Total Care will cover the brand-name drug according to our clinical guidelines if there is a medical reason the member needs the particular brand-name drug. If Absolute Total Care does not approve the PA, we will notify the member and their provider. We will also send information about the appeal process.

Drug Efficacy Study Implementation (DESI) Drugs

DESI products and known related drug products are defined as less than effective by the FDA. This is because there is not much evidence that it is effective for all labeling indications. It is also because *justification* for their medical need has not been established. DESI products are not covered by Absolute Total Care.

Filling a Prescription

Members can have prescriptions filled at an Absolute Total Care network pharmacy. You can find a network pharmacy near you by contacting **Absolute Total Care Member Services at 1-866-433-6041 (TTY: 711)**. You can also visit Absolute Total Care's website at absolutetotalcare.com and click Find a Provider to locate a pharmacy. You can type in your address or zip code and see pharmacies that are close by. At the pharmacy, you will need to provide your prescription and your Absolute Total Care member ID card.

If members are traveling more than 30 miles from the South Carolina border, they can have a one-time fill of their medicine. All necessary prescriptions are required to be filled on the same day for a maximum 31-day supply.

Copayments

Effective July 1, 2024, Absolute Total Care charges $0.00 for each prescription.
