The list is up-to-date as of SEPTEMBER 2026, but you need to know that:

- Some Absolute Total Care network providers may have been added or removed from our network after this Directory was published.
- Some Absolute Total Care providers in our network may no longer be accepting new members. If you are having trouble finding a provider who will accept new members, call Member Services at the number at the bottom of the page and we will help you.
- To get the most up-to-date information about Absolute Total Care's network providers in your area, download the Health Insurance Portal mobile app or visit our website or call Member Services at the website or number at the bottom of the page. The call is free.

Doctors and other health care professionals in Absolute Total Care's network are listed on pages 20-2831.

Pharmacies in our network are listed on pages 2835-2937. You can use the Index in the back of the Directory to find the page where a provider or pharmacy is listed.

B. Providers

B1. Key terms

This section explains key terms in our *Provider and Pharmacy Directory.*

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term supports and services (LTSS), supplies, prescription drugs, equipment and other services.
    - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
    - Providers that are a part of our plan's network are called network providers.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider** (PCP) is a family practice physician, a general practitioner, a primary care clinic, or an internal medicine physician who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a referral if you need a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
    - Oncologists care for patients with cancer.
    - Cardiologists care for patients with heart conditions.
    - Orthopedists care for patients with certain bone, joint, or muscle conditions.
    - PCP referrals are not required for a member to see an Absolute Total Care network specialist. However, Absolute Total Care recommends that you always check with your PCP before going to see a specialist. Your PCP can recommend a specialist and assist in coordinating your care and requests services before you get them.Referrals from your network PCP are not needed for out-of-network:
        - emergency care
        - family palnning services
    - Additionally, if you are eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan’s network.
    - More information on referrals is available in the Member Handbook.

- services from a women's health specialist.

- Additionally, if you are eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.

- More information on referrals is available in Chapter 3 of the *Member Handbook*.

B2. Wait times for primary care, specialists and behavioral health

We must provide you with access to primary care, specialists and behavioral health services within the following timeframes:

Emergent or emergency visits	Immediately upon referral
Indian Member Referrals	Allow for Indian Health Care provider referrals of an Indian member

B3. Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider.

To choose a PCP, refer to the list of providers on page 20 and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.

All enrolled members in the same family can select and be served by the same PCP or each member may choose a different PCP based on their individual needs.

If you want help in choosing a PCP, please call Member Services or visit our website using the information at the bottom of the page.

If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask before you get the service or care.

If you have questions, please call Absolute Total Care at 1-866-433-6041 (TTY: 711). **For more information,** visit absolutetotalcare.com.

B4. Long-term supports and services (LTSS)

You may be able to get long-term services and supports (LTSS), such as environmental modification (minor changes to your home), pest control, home delivered meals, and respite care (relief for your primary caregiver, either in an in-patient facility or at your home).

LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, and making food. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

LTSS are available to members who are on certain waiver programs operated by the Community Long Term Care (CLTC) division of Healthy Connections Medicaid. Those waivers are:

- Community Choices waiver
- HIV/AIDS waiver
- Mechanical Ventilator Dependent waiver

Members on different waivers can get different kinds and amounts of LTSS. If you think you need LTSS, you can talk to your care coordinator about how to access them and whether you can join one of these waivers. Your care coordinator can give you information about how to apply for an appropriate waiver, and all of the resources available to you under the plan.

B5. How to identify providers in Absolute Total Care's network

You must get all of your covered services from providers within our network. If you use providers who are not in Absolute Total Care's network (without prior authorization (PA) or approval from us), you will have to pay the bill.

Some providers may choose not to provide services based on religious or moral grounds. Members can obtain counseling or referral services from any other network provider. Absolute Total Care does not restrict services including counseling or referrals for moral or religious objections.

> A **PA** is an approval from Absolute Total Care before you can get a specific service or drug or use an out-of-network provider. Absolute Total Care may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also use providers outside the plan for other non-emergency services if Absolute Total Care gives you permission first.

- You may change providers within the network at any time. If you have been using one network provider, you do not have to keep using that same provider. Some providers may require a referral from your PCP.

- Absolute Total Care works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and are not sure if they offer the accommodations you need, Absolute Total Care can help you. Talk to your care coordinator for assistance.

B6. How to find Absolute Total Care providers in your area

This provider directory is organized by provider type, county, and city. Look for the type of provider first (for example, PCP, cardiologist, etc.), then look for your county and city to find a provider close to your home. You can also visit the website at mmp.absolutetotalcare.com for the most current provider listing.

B7. List of network providers

This Directory of Absolute Total Care's network providers contains:

- **Health care professionals** including primary care physicians, specialists, and mental health providers
- **Facilities** including hospitals, nursing facilities, Federally Qualified Health Centers (FQHCs), and infusion centers
- **Support providers** including long-term services and supports (LTSS) providers of adult day health care, attendant care, companion services, environmental modification, home-delivered meals, incontinence supplies, nutritional supplements, personal care services, Personal Emergency Response System (PERS), private duty nursing, respite care, and specialized medical equipment and supplies

Providers are listed in alphabetical order by last name. You can also find the provider's name and the page where the provider's additional contact information is in the Index at the end of the Directory. Providers are also listed in alphabetical order by last name in the Index. In addition to contact information, provider listings also include specialties and skills, for example, such as languages spoken or completion of cultural competence training.

> **Cultural competence training** is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.

Accessibility Information

Below is information used in the provider directory to indicate accessibility at a provider office or building site. This information is not a promise that every doctor will always have the access that you may need. If you have a disability, you should call the doctor's office to talk about your access needs.

Accessibility Requirements:

All Criteria Met: if the provider meets all (49) Critical Elements (CE) for disability access in four (4) main areas: Parking, Exterior Building, Interior Building, and Programmatic Access.

Some Criteria Met: if the provider does not meet 1 or more of the CEs.

No Criteria Met: if provider reports having no disability access for all of the CEs.

Details Pending: if there is no data to support any of the 4 main areas.

Indicator	Definition	Criteria
P	Parking	Parking spaces and van-accessible space(s), are accessible. Curbs to on-site parking, public transportation, and the side walk at the site entrance have curb ramps.
EB	Exterior Building	There is an accessible ramp to the building. Curb ramps and other ramps to the building are wide enough for a wheelchair/scooter. There are handrails on both sides of the ramp. Doors are wide enough for wheelchair/scooter to enter and the doors have handles that are easily opened.
IB	Interior Building	Doors are wide enough for a wheelchair/scooter and have handles that are easily opened. There are interior ramps that have handrails. If an elevator is present, it must be free for public use. The elevator has easy-to-hear sounds and Braille buttons within reach. The elevator is large enough for a wheelchair/scooter to turn around. The restroom is accessible, has doors wide enough for wheelchair/scooter and are easy to open. Offices have accessible equipment and clear for space where the equipment is for side transfers by wheelchair or scooter users. Lift equipment exists when needed. If office has a chair lift, it can be used without help.
PA	Programmatic Access	Programmatic access includes, but is not limited to: accessible communication and materials in other formats given in a timely manner, staff help with follow-up visit planning, and other disability-related support (people with disabilities who cannot wait in waiting room are seen right away).
~	Rx	This pharmacy can provide an extended day supply.
+	New patients	Physician is currently accepting new patients.
#	Existing only	Physician is currently accepting existing patients only.
*	No patients	Physician is not currently accepting patients at this time.
	Bus route	Provider indicated this location is on bus route.

Absolute Total Care cannot guarantee the accuracy of provider self-reported disability access information as it has not been verified by the health plan through an in-person Accessibility Site Review (ASR). Members are encouraged to contact the provider in advance to ask about disability access, and to contact the health plan immediately if the self-reported information is not accurate.
