Model of Care
(D-SNP Only)
The Model of Care is Allwell from Absolute Total Care’s plan for delivering our integrated care management program for members with special needs. The goals of Model of Care are:

- Improve access to medical, mental health, and social services
- Improve access to affordable care
- Improve coordination of care through an identified point of contact
- Improve transitions of care across healthcare settings and providers
- Improve access to preventive health services
- Assure appropriate utilization of services
- Assure cost-effective service delivery
- Improve beneficiary health outcomes
Model of Care (D-SNP Only)

Model of Care elements are:

- Description of the SNP Population
- Care Coordination and Care Transitions Protocol
- Provider Network
- Quality Measurement
Every D-SNP member is evaluated using a comprehensive Health Risk Assessment (HRA) within 90 days of enrollment, and at minimum annually, or more frequently with any significant change in condition or transition of care.

The HRA collects information about the member’s medical, psychosocial, cognitive, and functional needs, and medical and behavioral health history.

Members are then triaged to the appropriate Allwell from Absolute Total Care Case Management Program for follow up.
Allwell from Absolute Total Care values our partnership with our physicians and providers.

The Model of Care requires all of us to work together to benefit our members by:

- Enhanced communication between members, physicians, providers, and Allwell from Absolute Total Care.
- Interdisciplinary approach to the member’s special needs.
- Comprehensive coordination with all care partners.
- Support for the member’s preferences in the Model of Care.
- Reinforcement of the member’s connection with their medical home.
Model of Care Information (D-SNP Only)

Model of Care information is available under Provider Training at allwell.absolutetotalcare.com
Medicare STAR Ratings
What Are CMS Star Ratings?

- The Centers for Medicare & Medicaid Services (CMS) uses a five-star quality rating system to measure Medicare beneficiaries’ experience with their health plans and the health care system. This rating system applies to Medicare Advantage plans that cover both health services and prescription drugs (MA-PD).

- The ratings are posted on the CMS consumer website, www.medicare.gov, to give beneficiaries help in choosing an MA and MA-PD plan offered in their area. The Star Rating program is designed to promote improvement in quality and recognize primary care providers for demonstrating an increase in performance measures over a defined period of time.
CMS’ Star Rating Program is based on measures in nine different domains:

**Part C**

1. Staying healthy: screenings, tests, and vaccines
2. Managing chronic (long-term) conditions
3. Member experience with the health plan
4. Member complaints, problems getting services, and improvement in the health plan’s performance
5. Health plan Customer Service

**Part D**

1. Drug plan Customer Service
2. Member complaints and changes in the drug plan’s performance
3. Member experience with the drug plan
4. Drug safety and accuracy of drug pricing
How Can Providers Improve STAR Ratings?

• Continue to encourage patients to obtain preventive screenings annually or when recommended.
• Management of chronic conditions such as hypertension and diabetes including medication adherence.
• Continue to talk to your patients and document interventions regarding topics such as fall prevention, bladder control, and the importance of physical activity and emotional health and wellbeing (HOS).
• Create office practices to identify noncompliant patients at the time of their appointment.
• Follow up with patients regarding their test results (CAHPS).

- Submit complete and correct encounters/claims with appropriate codes and properly document medical chart for all members, including availability of medical record for chart abstractions.
- Review the gap in care files listing members with open gaps which is available on our secure portal.
- Review medication and follow up with members within 14 days post hospitalization.
- Identify opportunities for you or your office to have an impact on your patient’s health and well-being.
- Make appointments available to patients and reduce wait times (CAHPS).

Billing Overview
Allwell has selected Availity as its primary gateway connection for Electronic Data Interchange (EDI) submission. This allows Allwell to better service its providers with more advanced engagement and communication strategies. Providers who currently submit claims through other clearinghouses may continue to do so with no interruption to their current business process.

Payer ID - 68069
EDI Support

- Companion guides for EDI billing requirements, plus loop segments can be found on the following website:
  
  allwell.absolutetotalcare.com

- For more information, contact:

  Allwell from Absolute Total Care
  c/o Centene EDI Department
  1-800-225-2573, extension 6075525
  Email: EDIBA@centene.com
Claims Filing Timelines

- Medicare Advantage Claims are to be mailed to the following billing address:

  Allwell from Absolute Total Care  
  Attn: Claims  
  P.O. Box 3060  
  Farmington, MO 63640-3822

- Participating providers have **365 calendar days** from the date of service to submit a timely claim.

- All corrected claims, requests for reconsideration, or claim disputes must be received within the required timeframes from the original date of notification of payment or denial.
  - Corrected claims – within **90 calendar days**
  - Claim reconsiderations – within **90 calendar days**
  - Claim disputes – within **60 calendar days**
Claims Payment

- A clean claim is received in a nationally-accepted format in compliance with standard coding guidelines, and requires no further information, adjustment, or alteration for payment.
- A claim will be paid or denied with an Explanation of Payment (EOP) mailed to the provider who submitted the original claim.
- Providers may NOT bill members for services when the provider fails to obtain authorization and the claim is denied.
- Dual-eligible members are protected by law from balance billing for Medicare Parts A and B services. This includes deductibles, coinsurance, and copayments.
- Providers may not balance bill members for any differential.
Allwell from Absolute Total Care uses code editing software based on a variety of edits:

- American Medical Association (AMA)
- Specialty society guidance
- Clinical consultants
- Centers for Medicare & Medicaid Services (CMS)
- National Correct Coding Initiative (NCCI)

Software audits for coding inaccuracies such as:

- Unbundling
- Upcoding
- Invalid codes
Claims Reconsideration & Disputes

• A request for reconsideration is to be used when a provider disagrees with the original claim outcome (payment amount, denial outcome, etc.)

• A claim dispute is to be used only when a provider has received an unsatisfactory response to a request for reconsideration.

• Submit reconsiderations or disputes to:
  Allwell from Absolute Total Care
  Attn: Reconsiderations or Claim Dispute
  P.O. Box 3060
  Farmington, MO 63640-3822
Electronic Funds Transfer (EFT)
Electronic Remittance Advice (ERA)
• Electronic payments can mean faster payments, leading to improvements in cash flow.
• Eliminate re-keying of remittance data.
• Match payments to statements quickly.
• Providers can quickly connect with any payers that are using PaySpan Health to settle claims.
• Free service for network providers: www.payspanhealth.com
Meaningful Use – Electronic Medical Records
Meaningful Use

- EHR/EMR allows healthcare professionals to provide patient information electronically instead of using paper records.
- Electronic Health Records/Electronic Medical Records (EHR/EMR) can provide many benefits, including:
  - Complete and accurate information
  - Better access to information
  - Patient empowerment

(Incentive programs may be available)
Advance Directives
Advance Medical Directives

An advance directive will assist the PCP to understand the member’s wishes about their health care in the event they become unable to make decisions on their own behalf. Examples include:

- Living Will
- Healthcare Power of Attorney
- “Do Not Resuscitate” Orders

Member’s medical records must be documented to indicate whether an advance directive has been executed.

Providers must also educate staff on issues concerning advance directives and must maintain written policies that address the rights of members to make decisions about medical care.
Fraud, Waste, and Abuse
Fraud, Waste, and Abuse

Allwell from Absolute Total Care follows the four parallel strategies of the Medicare and Medicaid programs to prevent, detect, report, and correct fraud, waste, and abuse:

- Preventing fraud through effective enrollment and education of physicians, providers, suppliers, and beneficiaries.
- Detection through data analytics and medical records review.
- Reporting any identified or investigated violations to the appropriate partners, including contractors, the NBI-MEDIC and federal and state law enforcement agencies, such as the Office of Inspector General (OIG), Federal Bureau of Investigation (FBI), Department of Justice (DOJ), and Medicaid Fraud Control Unit (MFCU).
- Correcting fraud, waste, or abuse by applying fair and firm enforcement policies, such as pre-payment review, retrospective review, and corrective action plan.
Allwell from Absolute Total Care performs front- and back-end audits to ensure compliance with billing regulations. Most common errors include:

- Use of incorrect billing code
- Not following the service authorization
- Procedure code not being consistent with provided service
- Excessive use of units not authorized by the Case Manager
- Lending of insurance card

Benefits of stopping fraud, waste, and abuse:

- Improves patient care
- Helps save dollars and identify recoupments
- Decreases wasteful medical expenses
Fraud, Waste, and Abuse

Allwell from Absolute Total Care expects all its providers, contractors, and subcontractors to comply with applicable laws and regulations including, but not limited to, the following:

- Federal and State False Claims Act
- Qui Tam Provision (Whistleblower)
- Anti-Kickback Statute
- Physician Self-Referral Law (Stark Law)
- Health Insurance Portability and Accountability Act (HIPAA)
- Social Security Act (SSI)
- US Criminal Codes
First-Tier, Downstream, and Related Entities (FDR), as well as delegated entities, will be required to complete training via the Medicare Learning Network (MLN) website.

The trainings must be completed by each individual provider/practitioner within the group rather than one person representing the group collectively.

The updated regulation requires all applicable entities (providers, practitioners, administrators) to complete the training within 90 days of contracting or becoming a delegated entity and annually thereafter.

Once training is complete each applicable entity will need to complete the certificate(s) of completion or attestation through the CMS MLN and provide a copy to the health plan.
Potential fraud, waste, or abuse reporting may be called to our anonymous and confidential hotline at 1-866-685-8664 or by contacting the Compliance Officer at 1-855-766-1497 or by email to ATC.Compliance@centene.com

To report suspected fraud, waste, or abuse in the Medicare program, providers may also use one of the following avenues:

- Fax: 1-800-223-8164
- NBI MEDIC: 1-877-7SafeRx (1-877-772-3379)
- Email: [www.OIG.HHS.gov/fraud](http://www.OIG.HHS.gov/fraud) or [HHSTips@oig.hhs.gov](mailto:HHSTips@oig.hhs.gov)
